

FJ OOSTHUIZEN: CURRICULUM VITAE (CV)

EXPERIENCE

After completing his school career, Franco went on to North-West University (Potchefstroom, South Africa), to enrol for a BCom Agricultural Economics with Risk Management degree, which he successfully completed in 2020. Selected for further academic studies, he went on to obtain his honours degree in BCom Agricultural Economics in 2021.

During his 4-year career at University, Franco attended Caput Men's Residence, participating in various arts and sports activities. He served on Caput's house committee in 2020 as well as on the Registration and Orientation Committee of the North-West University in 2021.

Following his studies, he obtained practical farming experience in the grain industry in South Africa, mentored by two notable grain farms. He proceeded to work from 2022 to 2024 as a foreign agricultural worker in Montana, United States of America, to gain international agricultural experience, learning different farming practices and to broaden his horizon.

In January 2024, Franco joined OABS as a Junior Agricultural Economist and Researcher. During his time at OABS, he contributed to a range of projects, including due diligence studies in both South Africa and Botswana, the development of business plans, feasibility studies, and research assignments. In 2024 and 2025, Franco assisted Hortgro with the administration and implementation of several projects under the 50 Commercial Farmers and CASP Fruit Transformation initiative.
